

# Kick The Gas Habit!

## *Ferguson Can Help .....*

Be part of a novel experiment only available to Ferguson residents and promoted by the City of Ferguson, aided by a grant, to help reduce your car dependency, cut road congestion, and improve the air we breathe.

Sign up to loan one of a fleet of fully-equipped Kona bikes, as shown, supplied by Big Shark Bicycles, University City, with which Ferguson is collaborating. After completing a bike education class you'll be encouraged to use the bike for the next few months instead of your car for as many trips as possible, logging the miles covered. For more information please contact:

**Martin Pion, Conservion - "Think Bicycling!" 6 Manor Lane, Ferguson, MO 63135. E-mail <[mpion@swbell.net](mailto:mpion@swbell.net)> or call 314/524-8029.**
